

Why New?

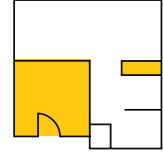

Because a new home is uniquely built for you.

It's either a new home or it's not. Simple as that. Because even if it's new to you, a used home wasn't designed with your life in mind. That's why we partner with you from the very beginning.

Our new homes come with open floor plans and generous, flexible living spaces that fit your family's needs and budget. Enjoy personalized design touches and beautiful communities that cater to a variety of lifestyles. New also means more efficient. Each home we build is ENERGY STAR® certified, delivering energy savings that lower the cost of ownership. And with a 10-year limited warranty, you can be sure your new KB home will always feel like new.
